

*“Stimulating and relevant education develops responsible and productive citizens for life”*

## **CANBY SCHOOL DISTRICT BOARD OF DIRECTORS PRIORITIES 2013-2014**

### **Increase Student Achievement**

Each student in the Canby School District will demonstrate continuous academic progress, and results will demonstrate significant narrowing of the achievement gap between students.

### **Strengthen the K-12 Culture to Promote Student, Parent and Staff Success**

The Canby School District will continue to improve teaching and learning through a focus on collaboration, high standards, best practices and accountability.

### **Enhance Positive School-Community Relations**

The Canby School District will provide the community timely, accurate and complete information on district initiatives, programs and activities through a variety of media. Each school will provide and promote opportunities for parent and community involvement.

### **Ensure Effective Use of Resources**

The Canby School District will maintain sound stewardship of all resources, and will seek innovative, creative ways to leverage resources to provide the best possible education for our students.
