

CANBY SCHOOL DISTRICT BOARD OF DIRECTORS PRIORITIES 2017-2018

Increase Student Achievement

Each student in the Canby School District will demonstrate continuous academic progress, and results will demonstrate significant narrowing of the achievement gap between students. The district will focus on equity of opportunities for all students.

Strengthen the K-12 Culture to Promote Student, Parent and Staff Success

The Canby School District will continue to improve teaching and learning through a focus on collaboration, high standards, best practices and accountability.

Enhance Positive School-Community Relations

The Canby School District will provide the community timely, accurate and complete information on district initiatives, programs and activities through a variety of media. The district and each school will promote and provide meaningful and equitable opportunities for parent and community engagement.

Ensure Effective Use of Resources

The Canby School District will maintain sound stewardship of all resources, and will seek innovative, creative ways to leverage resources to provide the best possible education for our students.
