

**FROM THE DISTRICT SUPERINTENDENT**

Dear Parents and Community Members,

The Canby School District believes every student can reach his or her personal academic potential. Academic success for all our students is our highest priority. In addition to academic success, district goals center on a K-12 culture of student extra-curricular success, strong school and community partnerships, and effective use of resources to better meet the needs of all. Canby is known for its commitment to instructional technology. Many of our classrooms use iPads to enhance student learning. Students need to be able to access, evaluate, and manage information appropriately. Significant investment in math and language arts curricula provides students with the needed resources to help them understand and master important concepts. We expect students to graduate college- and career-ready using 21st century learning skills acquired in the classroom.

Canby School District is proud to offer a wide variety of student activities that allow each student the opportunity to pursue

personal interests. Students can participate in music and theater programs, FFA, athletics, robotics, and Career and Technical Education programs to name a few. We want Canby students to develop a keen interest in their academic and extra-curricular programs.

Raising achievement for all students continues to be our top priority. We are improving our curriculum and instruction so that every student in Canby finds personal success through a challenging, rewarding school experience. Creating learning environments where every student feels welcome and valued is at the heart of our work. Every student, every day, deserves our very best.

Thank you,

Superintendent | Trip Goodall
