

FROM THE PRINCIPAL

Dear Parents and Community Members,

We appreciate you taking the time to review our school's State Report Card. The State Report Cards are produced by the Oregon Department of Education and their purpose is to provide a broad overview of how each school is doing.

The fact that our school serves close to 400 Kindergarten through Sixth grade students, who come from very diverse backgrounds, creates a rich and engaging school culture. We pride ourselves on being compassionate, critical thinkers.

We are also proud of the overall academic growth we have made as a school community. We will continue to foster excellent communication of critical thinking skills, which are foundational to reading, writing, mathematics, science and the social sciences. Our overall academic scores indicate that we outperformed the state average as well as the average for

schools that are similar to us (similar demographic profile with regards to socioeconomic, English language proficiency and special education eligibility). Additionally, this report indicates that there are areas of improvement needed within some of our subgroups (English Language Learners and students with Disabilities). We have plans in place to address this need through professional development for teachers, direct instruction of the Common Core State Standards, and parent education opportunities.

It is a pleasure to be a part of something so worthwhile and so promising as the education of Knight Elementary students! The staff at Knight Elementary is deeply committed to the learning and growth of all of our students and appreciate the partnerships we experience with school families.

Thank you,

Principal | Christine Taylor

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
