FROM THE PRINCIPAL

Dear Parents and Community Members,

Thank you for taking the time to review our school's State Report Card. The State Report Cards are produced by the Oregon Department of Education and their purpose is to provide the community a broad overview of how each school in the state of Oregon is doing.

We have just under 400 students enrolled at Knight Elementary School. Our kindergarten through sixth grade students come from unique and diverse family situations. Our students and staff come together to create a very rich and successful school culture where fairness, safety, responsibility and respectfulness guide our decisions and actions. We are a welcoming and compassionate school, where students can feel comfortable to learn and grow.

Our overall Academic Achievement, Academic Growth, and Student Group Growth ratings were all at a Level 4 (out of 5 with a level 5

being the highest). The academic growth made by our students in subgroups of English Learners and Economically Disadvantaged was strong; however, we would like to see additional academic achievement in these subgroups. In order for us to support these students' growth we have plans in place to provide additional intervention, parent education opportunities and additional direct instruction based on individual student needs as measured by the Common Core State Standards.

We as a school are excited to partner with our families and the Canby community to support all of our students. The work that we do with the children and youth in our community is one of the most important endeavors known.

Thank you,

Principal | Christine Taylor

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.

2014-15 was the first operational year of the new English language arts and mathematics assessments.
