

FROM THE PRINCIPAL

Dear Parents and Community Members,

We appreciate you taking the time to review our school's State Report Card. At Lee School, we proudly educate close to 450 Kindergarten through Sixth grade students everyday. Our students come from very diverse backgrounds, which creates a rich and engaging school culture. We pride ourselves on being a compassionate, safe, and caring learning environment, where all students are able to experience success. We are proud of the overall growth we have made as a school community. We continue to work to assist all students on applying their knowledge throughout all content areas. Our scores indicate that our overall student achievement and student growth are good, though when we look at some of our subgroup populations we have to continue to make improvements to ensure that all groups of students are

progressing appropriately. As a school community, we celebrate the achievements indicated on the school report card, but understand that there is still work to do to increase the knowledge and growth in all subgroups. As we consistently review our data and look critically at our educational practices, the school report card gives us another source of information. We are always eager to learn new and more effective ways to engage students in their academic journey. At Lee, we are committed to promoting a safe culture of respectful and responsible learners who are ready to meet the challenges ahead with a "I can do anything" attitude! Feel free to come visit and experience learning at Lee!

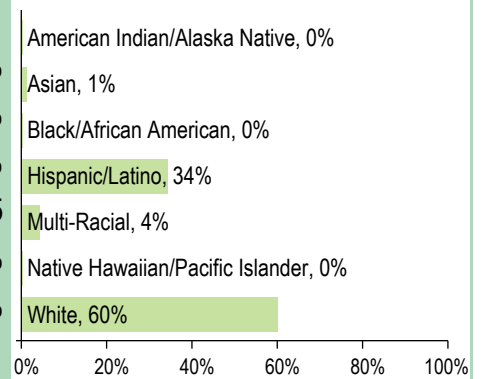

Thank you,

Principal | Cherie Switzer

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.
