PARENTS' EMERGENCY CLOSURE PLAN 2011-2012

CANBY SCHOOL DISTRICT

There may be times when schools need to close early because of ice, snow, power failure, or other emergencies. We recognize the need to prepare for theses unexpected emergency closures.

Do you have a plan for your children if they needed to arrive home during the day because of inclement weather or school mechanical failure?

If school were to close due to inclement weather or other reason, radio and television stations would make air these announcements. You may also sign up for automatic text/email emergency messages from the district through Flash Alert at *http://www.flashalert.net/.* School closures are announced on all major radio and television stations including area radio stations broadcasting in Spanish.

Stations in Spanish: KWBY-AM 940; KMUZ-AM 1230; KWIP-AM 880.

Parents are advised to listen to the radio or tv on days of unusually bad weather regarding school closures.

Please help reduce anxiety for students, parents, and staff by making a family plan for early closure. Be prepared and help prepare us for the unexpected. Inform your child of your plan and return the bottom portion of this plan to your child's teacher.

PLEASE DETACH AND RETURN TO YOUR SCHOOL
(2011-2012 PARENTS' EMERGENCY CLOSURE PLAN)
